

DOCTOPRO

DoctorPro is a comprehensive healthcare app template designed for building end-to-end medical service and hospital management platforms. The solution integrates multiple healthcare workflows, including patient booking, doctor consultations, pharmacy operations, laboratory services, delivery management, and hospital administration within a unified system. It includes nine dedicated modules: User, Medical Vendor, Delivery, Doctor, Hospital, Lab, Kiosk, Review, and Web Counter. Each module supports specific healthcare operations such as appointment scheduling, medicine ordering, test management, feedback collection, and administrative control. Built with a scalable architecture and modular design, DoctorPro provides a robust foundation for developing modern healthcare ecosystems that connect patients, providers, and service networks efficiently.
