

Salonza

Salonza is a complete salon and beauty service app template designed for building appointment booking and service management platforms. The template includes dedicated User and Salon modules to streamline interactions between customers and service providers. Customers can browse services, schedule appointments, make payments, and share feedback, while salon owners and staff can manage bookings, update availability, track services, and connect with clients. With a modern interface and scalable design structure, Salonza provides a reliable foundation for developing salon, spa, and beauty care applications.
